  - If anyone is still not receiving emails from the club, please check with Mary to make sure your email address is correct in the database. Also make sure the [villagesarcheryclub@gmail.com](mailto:villagesarcheryclub@gmail.com) address is in your email system's CONTACTS
- **Paradise Range:** Sunny discussed the requirement to chain down the targets before using them. The targets at Paradise are front-heavy and can tip over while pulling out arrows. Archers are responsible for chaining the targets down and if they are moving the targets to ranges without donuts, the stakes on the back of each target frame should be used.
- **Dudley Range:** Kevin stated targets have been repaired/cores replaced. All the donuts have been exposed that are there. A 3D deer and stand have been purchased by the Recreation Center for use at the range. Current plan is to bring out during open shoots to observe villager interest.
